Important Update on FirstNet

Posted by Brett Boston on Jun 27 '13

Hello from FloridaNet Team in Memphis:

Finishing up the FirstNet State, Tribal and Local Consultation meeting in Memphis.

Your team did a great job of capturing notes and issues. We have sent our combined summary meeting notes on the meeting in an earlier email. The file is posted on BaseCamp. These minutes are the "official" team report on the highlights from the meeting.

Next Steps:

1. Save the date! Workshop on broadband coverage scheduled for Tallahassee, July 31, 10 AM to 4 PM. WebEx dial-in information to follow. RSVP appreciated. Purpose: Begin planning for FirstNet Florida coverage and related issues.

2. Conference call briefing of findings from Memphis meeting for FloridaNet team to be scheduled soon. Purpose: Update all FloridaNet members on Memphis meeting findings.

3. Scheduling a Florida visit from the FirstNet Team in August. Details to be provided once we have a date set. Purpose: One on one consultation with FirstNet.

4. We will be posting the PowerPoint presentation slides from the the Memphis meeting as soon as they are available.

5. The FloridaNet Memphis Team will have additional notes from the meeting that will be compiled and posted soon.

Please contact me for any updates, questions, etc...
